### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Tom Martin on Tuesday, August 15, 2006.

The application has been amended as follows:

In claim 24, line 15, after "portion" add -- of --.

### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

The claims in the instant application have not been rejected using prior art because no references, or reasonable combination thereof, could be found which disclose, or suggest a plate system comprising a locking element having a lower-facing surface adapted to cover a portion of the head of only a single one of the bone screws to prevent the inadvertent backing out of the single bone screw from one of the bone screw receiving holes, as set forth in claim 8.

Furthermore, the claims in the instant application have not been rejected using prior art because no references, or reasonable combination thereof, could be found which disclose, or suggest a method for connecting at least two vertebral bodies adjacent a disc space from an anterior aspect of the vertebral bodies, the method comprising the step of inserting a bone screw having a head having an upper facing

surface into a position in one of the bone screw receiving holes that permits the locking element to cover a portion of the upper facing surface of the head of the bone screw after the bone screw has been inserted into the plate, as set forth in claim 24.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
